SERVICE SIX—SERVICE UPDATES

Latest TARGET News

The TARGET team are continuing to work and develop our TARGET Champions, looking at the workshop materials and building upon their skill sets. The team have had extremely successful meetings at various Northamptonshire schools, all of which are looking to implement the TARGET Project within their setting. In addition to this the project has successfully gained support from more of our partners, including the Northamptonshire Police Crime Commissioning Team. We are preparing with the support of our TARGET Champions for the delivery of our first professionals training at Alliance Foster Care in June.

We ran a competition with the young people to decide upon the name of our TARGET Logo. We had some fantastic ideas and young people voted on the names that were shortlisted.

We are pleased to announce that 'Online Ollie' will now be supporting the team and the young people with TARGET.

If you have any questions regarding our project or want to get involved please contact:
